PACTS Offerors:

The Government continues to evaluate Phase I submittals in accordance with the terms of the PACTS solicitation. Although there is no specific date for when notifications will be sent to Phase I Offerors, the Government currently estimates that notifications will be sent out in early to mid-First Quarter of Fiscal Year 2009. If an update to this anticipated notification period becomes available, the Government will post that information on FBO.

We appreciate the SDVOSB community, their interest and participation in the PACTS program, and their patience during this process.

Regards,

A handwritten signature in black ink, appearing to read "H. Harrison Smith".
